- HIGH TEA-

Dudok high tea consists of several sandwiches, scones with strawberry jam and whipped cream, a carrot muffin, chocolate truffle cake, mini frangipane, cream puffs and a selection of petit fours. Served with tea from the famous tea company 'Betjeman & Barton' from Paris.

POUCHKINE

Betjeman & Barton's answer to the classic earl grey. Tea with bergamot, citrus fruits and citrus fruit peels.

QUATRE FRUITS ROUGES

Red fruit delight (strawberry, raspberry, cherry and currant) on a well-balanced combination of China and Ceylon teas; all the gourmand generosity of a parish priest's garden!

THÉ DES COURTISANES

China green tea perfumed with blackberry, blueberry, vanilla and clementine oil, orange peels and rose petals.

JASMIJN

Before Western flavoured teas had been created, China had already tried out the blend of tea with scents. Jasmine tea, a great classic, is still one of the most famous heritages of ancient China.

TISANE DU BERGER

A combination of flavours of the past with lime-blossom, verbena, mint, orange-blossom and citronella.

ROOIBOS

The rooibos is a shrub growing in the Cederberg region of South Africa. Here is a surprising mix of Cinnamon, cardamom and clove; with some sunflower petals delicately perfumed with vanilla. This tea is low on tannin, has no theine and has a lot of vitamin C.

For children under the age of twelve we serve a special high tea. This high tea consists of a sandwich with farmers ham, cucumber and mustard mayonnaise. Cream puffs and a selection of petit fours. 9.50 p.p.
